About Donor Recognition Opportunities

For donations of \$100,000 and more, names will be mounted/attached/engraved (details not yet identified) on a boulder with size of text size and ranking commensurate with donation level.

Inside the building, while its final design is yet to be determined, the donor recognition arrangement will be located on the large wall in the Exhibit Hall and will feature an attractive way to highlight the generous supporters that made the Visitor and Education Center a reality. The wall mounted recognition arrangement will be designed by the architects who designed the building and will incorporate art and symbolism reflecting the theme of water, aligning with the interpretive display that will be housed nearby.

Donor recognition opportunities as outlined above are available for gifts starting at \$50,000. Each donor will be recognized as laid out in this document. Gifts under \$50,000 will be recognized during the public phase of the campaign.
